Euclides:

Welcome to the Open English World community.

We have a number of excellent activities, such as the Weekly Idiom, Business Jargon, and Talk English. Feel free to check those out.

We also have a number of excellent teachers who can really help you learn English quickly. Feel free to "Try a Teacher" for an online lesson, and then once you have found a teacher you like, you can purchase a series of lessons.

Feel free to contact me if you need further help.
