Hello Huyen,

As you probably already know, the best way to improve your English is to practice with a native speaker. The teachers at Open English World are all available to help you, and all of them have helped many students improve their pronunciation.

We also have a number of free activities you can use if you like to practice by yourself.

Best,

-David

Hello Huyen,

Yes, all the teachers at Open English World charge for their private lessons. You can see their individual rates by clicking "List of Teachers" on the left menu bar.

I'd be happy to answer any additional questions you might have.

Best,

-David
